Hello,

It is infuriating to say the least that the DA has been passed for Robertson RD. Why don't you listen to the concerns of the residents? Why is it the hundreds of submissions, letters, survey returns and hundreds of hours invested have been ignored, and the developer's needs catered for ahead of the community?

Why would you allow a garage entrance in Robertsons Rd with an unattractive design and lack of community consultation.

Why did you ignore the study that recommended buildings that would fit into our village community.

I am disgusted.

Please do something for the community not just the developers.

It is possible both sides can prosper with good leadership.

Regards

Rhonda E Campbell
