RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

The wildlife corridor is for wildlife, not for residential development. When will councils learn that it is our responsibility to protect the environment, not continue to allow ongoing development of these places. They provide not only habitat for local species, it contributes to the larger ecosystem and work as lungs for the city. Please do your job and stop this development from occurring. It is your responsibility to do what is right for the broader community- plants and animals included. Not the ongoing greed of developers.
