23rd September 2014

Simplex Engineering
Attention: Tony Shakour
PO Box 859
North Sydney NSW

Email: tshakour@simplexeng.com

Reference Number: 1900048511

Dear Tony,

Electricity Network Connection Application at: 53C Warriewood Rd, Warriewood

We have received your Connection Application dated 17th September, and assigned it reference number 1900048511.

We have assessed your application and wish to advise that in order for your Connection Application to be complete you will need to provide a certified design number. This letter provides guidance on how to obtain a certified design and associated number.

Network Alterations

To connect your development, alterations will need to be made to our network. We anticipate that the following alterations will be required:

- Installation of underground cables, conduits, pillars, streetlights and substation(s) as required, in order to supply electricity to the underground residential subdivision.

These works are classified as Connection Works, which means that you will be required to fund the design and some or all of the construction works. In this regard, you will need to engage and manage suitably qualified contractors, known as Accredited Service Providers (ASP's) to undertake the design and construction.

Once the works have been satisfactorily completed and electrified, the connection assets will be owned and maintained by Ausgrid as part of our electricity distribution network. The timeframe for the works will vary depending on factors such as the complexity and the way in which you manage your ASP's.

Design Contract - Connection Assets

To proceed with the connection project, you or the person you represent must now engage an Accredited Service Provider Level 3 (ASP/3) to design the necessary network assets. Ausgrid will certify the design in accordance with our Design Contract – Connection Assets.

Once the design has been certified in accordance with the Design Contract – Connection Assets, your connection application will be complete and you may use the design certification number to request a connection offer or expedited connection, provided you assure Ausgrid that the development at the *premises* has not materially changed since you submitted your original connection application.

This letter is an offer to enter into a Design Contract – Connection Assets. It remains open for acceptance for 45 days. A copy of the Design Contract – Connection Assets is available for your review on our website <http://www.ausgrid.com.au> at the following link: Design Contract - Connection Assets

Acceptance Fees

The acceptance fees relating to this contract are payable upon acceptance. In this regard, Ausgrid will invoice you once we receive your signed acceptance form.

The fee amounts to be invoiced are made up as follows (GST inclusive).

Design Information	\$1,443.20
Design Certification	\$649.20
Administration	\$433.20
TOTAL	\$2,525.60

General

Standard Ausgrid documents mentioned in this letter, including those enclosed, are available on Ausgrid website www.ausgrid.com.au. If you do not have access to the web and would like to read any of the documents mentioned in this letter they may be obtained by contacting the phone number below.

Should you require any further information please contact me on the phone number or email address detailed below.

What to do next

Read the Design Contract – Connection Assets on our website.

To accept our offer to enter into a **Design Contract – Connection Assets**,

- Complete and sign the Acceptance of Offer in the space provided below and return it to Ausgrid. Note that a tax invoice will be generated based on the details provided on the form.
- You will also need to pay Ausgrid's fees of **\$2,525.60**. An invoice for this amount will be forwarded to you on acceptance of the contract.

Yours sincerely,

Keiran Jackson
