RE: DA2022/0971 - 0 Sydney Road MANLY NSW 2095

I am a regular visitor to Ivanhoe Park to quietly enjoy the trees and the landscape. One of my children attended the pre-school in the 1990s. I value the development of the botanical garden, and do some volunteer work on this with FIPBG. The park is a wonderful asset for our community now and into the future.

I have read the very informative reports on Heritage and Environmental Effects.

I fully support this DA to demolish the now defunct child care centre building.
