RE: DA2019/1340 - 100 / 0 Meatworks Avenue OXFORD FALLS NSW 2100

There are already too many cars for that road going past a school of 1,100 students about 1/2 are junior school with limited road sense. The roads in to and out of that road already get gridlocked and there are many near miss car accidents and actual car accidents near the Wakehurst parkway access to this road. Please re think this and look at alternatives
