Comments:

Having lived in Terrey Hills for over 43 years, I do not believe that a service station in Terrey Hills needs to be opened until midnight. I don't understand the new application applying for hours from 6am until midnight. At the moment they are opened 24 hours a day, so apparently they are illegally operating. This needs to be investigated. The service station is lit up so brightly at night, that when I have driven by I have noticed groups of kids probably 15 to 18 years old, gathering there. Probably not a good idea to be smoking around petrol tanks either, but kids just don't seem to get it. It would be ideal to just have a normal operating service station with an attendant from 6am to 8pm weekly and shorter weekend hours. Regarads. Chris Cook.
