**RE: Mod2021/0039 - 11 Victoria Parade MANLY NSW 2095**

We have reviewed the Modified Development Application and accompanying documents for Mod2021/0039.

The proposal to increase the height and volume will adversely affect solar, light, air flow and viewing amenities to 5-7 Victoria Parade and neighbouring properties. The height changes are non compliant.

Thank you for the opportunity to raise our concerns

Yours sincerely  
Diana & Anthony Williams
