**RE: Mod2020/0712 - 1 / 834 Pittwater Road DEE WHY NSW 2099**

I agree with the proposed changes provided the following issues are addressed by the applicant and Northern Beaches Council..

1. The reduction of disabled car parking spaces. The documents submitted by the applicant do not address or justify this reduction by way of comparison with other commercial and council facilities or the increased necessity and demand for disabled car parking spaces.
2. Northern Beaches Council does not actively manage the street car parking restrictions operating in Pacific Parade and Sturdee Avenue, where vehicles often exceed the time limits by days (not hours).
3. Northern Beaches Council does not actively manage the 40 km/h speed limit in Pacific Parade and Sturdee Avenue, which poses an unnecessary risk to vehicles' ingress and egress from The Grand car park.
