* FOR DEVELOPMENT APPLICATION ONLY

* All tree dimensions and RLs in metres. All other dimensions in mm unless stated otherwise.

* Do not scale from drawings. Use figured dimensions only. Larger scale drawings and written dimensions take preference.

* All work shall be carried out in accordance with current versions of Australian Standards, BCA and Local Government Regulations.

* Structural Details are indicative only and are subject to Structural Engineer's Details and Specifications.

* Drainage details are subject to Hydraulic / Civil Engineer's Detail and Specification.

* Subbase details including compaction are to Civil and Structural Engineer's Specification.

* Lighting Plans are subject to detailed design by a qualified Lighting Consultant or Electrical Contractor.

* Water Feature Details are indicative only and are subject to detailed design by a specialist Water Feature designer.

* Service location on plans are indicative only. *360 Degrees Landscape Architects Pty Ltd* accepts no responsibility for the accuracy of service locations shown or for services not shown. It is the responsibility of the contractor to determine service locations prior to the commencement of work, including contacting *Dial Before You Dig* and performing on site service locations. Locate and protect all services on site and in adjacent public domain. Any damages to services and associated damages remains the responsibility of the contractor and shall be rectified at no cost to the client or any other party.

*All adjoining property elements including but not limited to buildings, walls, trees and paving to be protected. Damaged elements remain the responsibility of the contractor and shall be rectified at no cost to the client or any other party.

* Existing trees to be retained are to be protected to Council and Project Arborist's requirements. No vehicular traffic, stockpiling or storage of materials within Tree Protection Zones (TPZs).

* No responsibility will be taken by 360 Degrees Landscape Architects Pty Ltd for any variations in design, construction method, materials specified and general specifications without permission from the Project Landscape Architect.

* This Drawing is copyright to 360 Degrees Landscape Architects Pty Ltd.

* Irrigation by specialist D&C Irrigation Consultant in accordance with the Performance Specification in the Landscape Technical Specification. Refer to Irrigation Consultant documentation for details and requirements of landscape irrigation system.

* Irrigation is to comply with Council Conditions of Consent and Water Authorities.

* All turf and garden beds within the site boundary are to be irrigated unless stated otherwise.

* Irrigation must be spaced at min. 200 centres and adjusted according to plant setout to provide adequate irrigation to all plants.

* Drip irrigation is to be fully concealed by 75mm minimum of mulch.
