RE: DA2019/1340 - 100 / 0 Meatworks Avenue OXFORD FALLS NSW 2100

I am very concerned about the dramatic increase in the movement of large trucks past the school. The street is very narrow and gets extremely congested at school drop off and pick up. I am very concerned about the safety of children in this environment. Truck drivers also may get very frustrated with the congestion as they are on tight delivery schedules. I would hate to think of an impatient driver using the soft shoulder to gate around the queue while there are young pedestrians around.
