RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

We live in a family home with 5 adults , 2 elderly who have had issues getting to and from the hospital now mona vale is shut due to road closures , 2 who have issues getting on Mona vale road during peak hours due to traffic ,the extra traffic will cause chaos , our schools and one hospital are all at breaking point , our local streets are already parked out and there is no new infrastructure planned for the new development .
