RE: Mod2018/0505 - 1 Fairlight Crescent FAIRLIGHT NSW 2094

This property has totally been a mismanaged project from the start. The original duplex is no longer evident and an oversized dwelling is now on the property that was never in the original plans. The surrounding fence and footpath area has never been maintained since the project started and now they wish to place a garage which will block even more sunlight on the Eastern side of the property.
