RE: DA2023/0720 - 0 Vista Avenue BALGOWLAH HEIGHTS NSW 2093

I would like to support my club, Bareena Park Tennis Club to install the Night Lights. The lighting facilities would enable members to enjoy tennis during off working hours. It also provides few hours of leisure for all ages of members instead of spending nighttime hours watching the big screens or mobile phones. The Club has not been able to hold inter club competitions due to no lightings unlike the nearby tennis clubs. People are getting less and less active nowadays owing to living in a digital era.. Members would be motivated to get out of the house to have a hit to get some exercise if there are lights.
