Lot 72 DP 841873 58 lagoon St. Narrabeen.

Att. Nick Keeler, letter 10th November and Kye Miles, letter 16th November.

Sirs,

We are the northerly neighbours herein and our concern remains as concern with audio and visual effects and elimination of water views from the Lagoon St. portion of our occupancy.

Re 0866 Kye Miles:

We note that both aspects of privacy and views are impinged upon and that screening by palms, opaque windows and artificial screens are suggested.

As to these palm screening spends upon the longevity and consistency of cover of any vexation, perhaps a fragile concept and opaque windows also depend upon permanency if replacement becomes necessary or regular inconvenient opening occurs. Artificial screening, at best supplemental, is a pretty blunt instrument.

We object to any infringement of our dual privacies or views here and look to the council for relief.

Re 0899 Nick Keeler.

Herein our concern remains as audio and visual intrusion with such boundary proximity and now exacerbated by a kitchen.

The addition, extending past the Western embargo previously placed upon me, exceeds some medium size cafeterias and, although the applicant is a quiet and amenable neighbour, does have ominous potential in any future hands.

Our house is open for any desired inspections.

Jaqueline and John Parnell.
