RE: DA2024/1303 - 11 / 0 Melwood Avenue FORESTVILLE NSW 2087

Reject the proposal for the two-stage redevelopment of the Forestville RSL club.
Community Impact: Concerns about how the redevelopment might affect the local community, including potential disruptions. Playgrounds are essential for children's physical and mental health, providing a safe space for exercise and social interaction. The presence of recreational spaces like playgrounds enhances the overall quality of life in a community.
Environmental Concerns: Issues related to environmental sustainability, such as the impact on local wildlife, green spaces, and overall ecological balance.
Social Considerations: Potential negative effects on the social fabric of the community, such as increased traffic, noise, and other disturbances.
