**RE: DA2019/1340 - 100 / 0 Meatworks Avenue OXFORD FALLS NSW 2100**

I strongly oppose the proposed development of the Meatworks industrial area. The suggested development is not suitable for a bushland area at the end of a cul de sac where the only entry to the site is via a narrow road passed a school. As a parent of children at Oxford Falls Grammar I know that the current congestion around the school is bad enough without adding more trucks and cars. Some areas of Oxford Falls Road have no footpath, forcing parents to escort their children to school along the edge of the road while large trucks thunder passed. It is already dangerous without adding more traffic. It just does not seem an appropriate area for the proposed development.

Thank you
