RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

I am writing to you in reference to the proposed development application in Wilson Rd Ingleside surrounding the Serbian Orthodox Church, used as common ground for religious, educational and cultural activities.

I wish to express my concerns about rezoning it into residential land near our church which for so long has been looking into expanding its grounds to bring the serbian community together (age care facilities, child care, change rooms for folklore dancing groups and religious moral and educational activities)

Building in close proximity to the church ground brings safety concerns for our children attending scripture, folklore dancing, availability of parking, taking away the possibility for our future expansion and future complaints which can threaten the operation of our church.

Please reconsider the future use of this land to provide for religious values to our minority ethnic community.

Kind regards
Natasha Tamburic
