RE: DA2023/0720 - 0 Vista Avenue BALGOWLAH HEIGHTS NSW 2093

I am writing to request council approval to install night lights at Barina Tennis Club, Balgowlah Heights. Night lights would increase the utilisation of the club, enabling members to play in the evenings and enter teams into district competitions. Children's coaching and families could play in the evenings. Barina Tennis Club is a well established club that has given so much joy to locals of all ages. The club such a friendly and well managed club that I have enjoyed, essential for the community. The added benefit of night lights would extend the hours of enjoyment for the club. Thank you in advance for your consideration.
