RE: DA2024/1303 - 11 / 0 Melwood Avenue FORESTVILLE NSW 2087

We have lived in this same address since 1981 and our children, now married moved here also raising their families. We all love the quiet atmosphere here and realise that progress has to happen which we have seen with Affordable houses etc. The Forestville RSL club was always a place to meet, eat and play bowls for my husband in particular. The closed bowling green has disappointed us immensely that we no longer frequent the Club at all. We do not need these apartment blocks, bringing more traffic etc. We oppose this Development. Keep Forestville with the charm it has always had.
