RE: DA2021/1659 - 74 Soldiers Avenue FRESHWATER NSW 2096

Hi Penny,

1. Can an asbestos report be produced?
2. Is the plan to erect a dust screen to protect surrounding properties during the demolition process?
3. Has a shade report for 72 Soldiers Ave been prepared? Apologies if I have missed this.
4. With regards to the windows overlooking our property our preference would be that frosted glass be used to ensure privacy given the proximity of the dwelling to our property and the direct access these windows will have to our living spaces.

Thank you
