RE: DA2015/0597 - 1768 / 0 Sunshine Street MANLY VALE NSW 2093

Dear Sir/Madame,

I already experience a lot of noise from across the hill and Condover reserve from the school that you are planning to expand. Loudspeakers are very disturbing and I work shifts. On top of this, we must preserve at all costs the Eastern Pygmy Possum and whatever bushland there still is in this region. The walking trails are already too short and the school's own website says it 'maintains an ongoing commitment to environmental education.' For all these reasons, especially the pigmy possum, please do NOT allow this development to go ahead.
