RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

This area is already getting overcrowded . The roads can't cope , the buses in the morning can't cope . Powderworks Road cannot cope with this . Sometimes it takes up to three or four sets of lights to get from Garden St to Pittwater Road. Elanora shops parking will not cope and neither can Elanora Heights Public School. The NSW government does not understand . If an MP lived in the immediate area this would not happen . This beautiful area is being spoilt by over development.
