RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

I find it difficult most mornings exiting my property at peak times because of cars, and motorised bike with school children going to school, more so when Wakehurst Parkway is closed. This is a dangerous plan, where will the people go in emergency ie bush fires /accidents etc. We have so many incidents on Mona Vale Road now, we don't need more cars on these roads that are not adequately maintained now
