

# Natural Environment Referral Response - Coastal

Application Number:	DA2024/1427
Proposed Development:	Alterations and additions to a dwelling house
Date:	11/11/2024
Responsible Officer	Michael French
	Lot 4 DP 758044 , 14 Bareena Drive BALGOWLAH HEIGHTS NSW 2093

### Reasons for referral

This application seeks consent for land located within the Coastal Zone.

And as such, Council's Natural Environment Unit officers are required to consider the likely impacts on drainage regimes.

#### Officer comments

This application was assessed in consideration of:

- · Supplied plans and reports;
- Coastal Management Act 2016;
- State Environmental Planning Policy (Resilience and Hazards) 2021 (section 2.10, 2.11 & 2.12);
- •State Environmental Planning Policy (Biodiversity & Conservation) 2021
- Relevant LEP and DCP clauses.

## State Environmental Planning Policy (Resilience & Hazards) 2021

The subject land has been included on the 'Coastal Environment Area' and 'Coastal Use Area' maps under the State Environmental Planning Policy (Resilience & Hazards) 2021 (SEPP R & H). Hence, Clauses 2.10, 2.11 and 2.12 of the CM (R & H) apply for this DA. Clauses 2.10 (coastal environment area) and 2.11 (coastal use area) do not apply as the site is also located within the Sydney Harbour catchment area. Hence, only Clause 2.12 of the SEPP apply for this DA.

## Comment:

On internal assessment and as assessed in the submitted Statement of Environmental Effects (SEE) report prepared by BMA Urban dated September 2024, the DA satisfies requirements under clause 2.12 of the SEPP.

As such, it is considered that the application is consistent with with the requirements of the State Environmental Planning Policy (Resilience & Hazards) 2021.

# State Environmental Planning Policy (Biodiversity & Conservation) 2021

### **Harbour Foreshores & Waterways Area**

The subject site is located within the Sydney Harbour Catchment and is identified as being within the Foreshores and Waterways Area. Hence Part 6.6 and 6.7, Division 2 of the State Environmental Planning Policy (Biodiversity & Conservation) 2021 apply in assessing this DA.

DA2024/1427 Page 1 of 3

On internal assessment and as assessed in the submitted Statement of Environmental Effects (SEE) report prepared by , it is determined that the Planning Principles and Matters for Consideration of the Area have been met.

## Manly LEP 2013 and Manly DCP

## **Foreshores Scenic Protection Area Management**

The subject site is also shown to be as "Manly Foreshores Scenic Protection Area" on Council's Foreshores Scenic Protection Area in Manly LEP 2013. As such, Clause 6.9 (Foreshores Scenic Protection Area) of the Manly LEP 2013 and Part 5, section 5.4.1 Foreshores Scenic Protection Area of the Manly DCP 2013 will apply to proposed development on the site.

On internal assessment and as assessed in the submitted Statement of Environmental Effects (SEE) report prepared by BMA Urban dated September 2024, the DA satisfies requirements under Clause 6.9 (Foreshores Scenic Protection Area) of the Manly LEP 2013 and Part 5, section 5.4.1 Foreshores Scenic Protection Area of the Manly DCP 2013.

As such, it is considered that the application is consistent with the requirements of the Clause 6.9 (Foreshores Scenic Protection Area) of the Manly LEP 2013 and Part 5, section 5.4.1 Foreshores Scenic Protection Area of the Manly DCP 2013.

No other coastal issues identified.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

#### **Recommended Natural Environment Conditions:**

# CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

## **Erosion and Sediment Control Plan**

An Erosion and Sediment Control Plan (ESCP) shall be prepared by an appropriately qualified person and implemented onsite prior to commencement. The ESCP must meet the requirements outlined in the Landcom publication Managing Urban Stormwater: Soils and Construction - Volume 1, 4th Edition (2004). The ESCP must include the following as a minimum:

- Site Boundaries and contours
- Approximate location of trees and other vegetation, showing items for removal or retention (consistent with any other plans attached to the application)
- Location of site access, proposed roads and other impervious areas (e.g. parking areas and site facilities);
- Existing and proposed drainage patterns with stormwater discharge points
- Locations and methods of all erosion and sediment controls;
- North point and scale.

Details demonstrating compliance are to be submitted to the Certifier for approval prior to the issue of the Construction Certificate.

DA2024/1427 Page 2 of 3

Reason: To protect the environment from the effects of sedimentation and erosion from development sites.

# CONDITIONS THAT MUST BE ADDRESSED PRIOR TO ANY COMMENCEMENT

#### Installation and Maintenance of Sediment and Erosion Control

Sediment and erosion controls must be installed in accordance with Landcom's 'Managing Urban Stormwater: Soils and Construction' (2004). Techniques used for erosion and sediment control on site are to be adequately maintained and monitored at all times, particularly after periods of rain, and shall remain in proper operation until all development activities have been completed and the site is sufficiently stabilised with vegetation.

Reason: To protect the surrounding environment from the effects of sedimentation and erosion from the site

# CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

## Stockpiling materials

During construction, all material associated with works is to be contained at source, covered and must be within the construction area. All material is to be removed off site and disposed of according to local regulations. The property is to be kept clean and any building debris removed as frequently as required to ensure no debris enters receiving waters.

Reason: To ensure pollution control measures are effective to protect the aquatic habitats within receiving waters throughout the construction period.
