

Natural Environment Referral Response - Coastal

Application Number:	DA2022/0302
Date:	21/04/2022
Responsible Officer	Stephanie Gelder
Land to be developed (Address):	Lot 71 DP 9202 , 15 Jellicoe Street BALGOWLAH HEIGHTS NSW 2093

Reasons for referral

This application seeks consent for land located within the Coastal Zone.

And as such, Council's Natural Environment Unit officers are required to consider the likely impacts on drainage regimes.

Officer comments

The application has been assessed in consideration of the *Coastal Management Act 2016*, State Environmental Planning Policy (Resilience & Hazards) 2021, State Environmental Planning Policy (Biodiversity & Conservation) 2021 and Sydney Harbour Foreshores and Waterways Area Development Control Plan, 2005. It has also been assessed against requirements of the Manly LEP and DCP.

Coastal Management Act 2016

The subject site has been identified as being within the coastal zone and therefore *Coastal Management Act 2016* is applicable to the proposed development. The proposed development is in line with the objects, as set out under Clause 3 of the *Coastal Management Act 2016*.

State Environmental Planning Policy (Resilience & Hazards) 2021

The subject land has been included on the 'Coastal Environment Area' and 'Coastal Use Area' maps under the State Environmental Planning Policy (Resilience & Hazards) 2021. Hence, Clauses 2.10, 2.11 and 2.12 of the CM (R & H) apply for this DA. Clauses 2.10 (coastal environment area) and 2.11 (coastal use area) do not apply as the site is also located within the Sydney Harbour catchment area. Hence, only Clause 2.12 of the SEPP R & H apply for this DA.

Comment:

On internal assessment, the DA satisfies requirements under clause 2.12 of the SEPP R&H. As such, it is considered that the application does comply with the requirements of the State Environmental Planning Policy (Resilience & Hazards) 2021.

State Environmental Planning Policy (Biodiversity & Conservation) 2021

Harbour Foreshores & Waterways Area

The subject site is located within the Sydney Harbour Catchment and is identified as being within the Foreshores and Waterways Area. Hence Part 10.2, Clause 10.11 and Part 10.3, Division 2 apply in assessing this DA.

On internal assessment, it is determined that the Planning Principles and Matters for Consideration of the Area have been met.

Sydney Harbour Foreshores and Waterways Area Development Control Plan, 2005

The subject site is located within a foreshore area identified on the map and therefore the DCP applies to the proposed development.

On internal assessment, it is determined that the proposed development satisfies the requirements of the DCP.

Manly LEP 2013 and Manly DCP

Foreshores Scenic Protection Area Management

The subject site is also shown to be as "Manly Foreshores Scenic Protection Area" on Council's Foreshores Scenic Protection Area in Manly LEP 2013. As such, Clause 6.9 (Foreshores Scenic Protection Area) of the Manly LEP 2013 and Part 5, section 5.4.1 Foreshores Scenic Protection Area of the Manly DCP 2013 will apply to proposed development on the site.

On internal assessment, the DA satisfies requirements under Clause 6.9 (Foreshores Scenic Protection Area) of the Manly LEP 2013 and Part 5, section 5.4.1 Foreshores Scenic Protection Area of the Manly DCP 2013.

As such, it is considered that the application does comply with the requirements of the Manly DCP 2013.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:

Nil.
