Part 2: Site Plan and Details

Please provide sufficient details to locate tree(s) including labeling the tree(s) numerically on the plan. It is recommended that you tie a marker to tree(s) once this application has been lodged.	
Reason for application and outline of proposed work	
Large gum tree on the left side of the backyard (when looking down the hill, away from the house). Significant termite activity throughout the trunk of the tree. Damage is visible up to a height of 5 metres. We have been advised by an arborist that the tree is unsafe, and given its close proximity to our house and neighbouring houses, we would like the tree removed.

TREE AND SITE INFORMATION	
Is the tree(s) on private property? (This application is only for trees on private property.)	☒ Yes ☐ No
Is there a dog on the property?	☐ Yes ☒ No
Special arrangements required for site access	☐ Yes ☒ No
If yes, please provide details	
Is there a current development application lodged for this property? (Tree removal as part of a separate development application is assessed under that application and this application may not be required).	☐ Yes ☒ No
• Please note trees will not be assessed under this application process for complying development. • Applications for removal of significant trees will require an arborist's report by an independent qualified arborist. Please attach to this application. • Significant trees include local endemic trees, habitat trees, heritage listed trees or trees of large amenity and visual significance. • Replacement trees may be a condition of approval of this application.	
Please list any supporting documents attached to your application eg. engineer's report or arborist report.
