I rang and left a message last Friday 17th November 2023 for someone to call me back. I have rung again today 20th November to find out what this proposed development is about? My question is, is Coles and the 21 units being demolished or are there going to be modifications? If the site is going to be knocked down Newport residents don't need to go through the disruptions as they went through when the development was built. Coles and the units are not that old. There is not enough information regarding the proposed development.
