Subject: DA2020/0358 Att.: Adam Urbancic letter .14 May 20 and our recent conversation.

My wife and I are co owners of the property North of 58 Lagoon St.

Ours has frontages to Lagoon St.no 60 and Loftus St no.14.

We are concerned at possible loss of what remains of the narrow view from no 60

and both the view and privacy from no.14.

60 Lagoon has a covered deck facing West.

Most of the former lake view was lost in the earlier approval and the rest may go now

14 has an open deck and windows close to the boundary in living room ,1 double,

bedroom,2 double,ensuite 2 double and laundry,single.All appear to be potentially

further affected by additional intrusion and the possible loss of foliage along the

boundary.

You indicated that you might wish to inspect and such would be convenient at any time.
