Hello,

I tried to do this on my phone and I'm not sure if the app on the small screen selected the correct DA application.

The DA I was referring to was regarding advertising being put up at the Ramsay St southbound bus stop. I've no objection to that but rather the condition of the bus stop seating there. Since major weather probably a year ago, the metal bench at the bus stop has been dirty and appears not to have been cleaned since. Could you please ask the appropriate department to clean the bench so that people actually feel comfortable sitting on it.

PS Are there any plans to repave (with bitumen) the southbound section of Pittwater Rd (outside Stuart St and surrounds) just like the northbound section was repaved this year? There are many cracks in the concrete which creates loud noises for residents every time a bus or heavy vehicle passes over these cracks/gaps in the concrete.

Thanks,

For your reference please find below a copy of your submission:

No objection to the proposal, but when you install the advertising boards could you please clean the metal bench

which has been dirty for about a year, nobody wants to sit on it and nobody's cleaned it in that time. Council's priorities are quite telling!
