Confirming I have added you to the speaker list for next week.

Yes, it will run the same as the meeting last week. Is it best to contact you on the same number?

Oxford Falls Road has no kerbs and guttering, minimal or non-existent verges and no provision for formed carriageways. It is a semi rural street which has many blind corners and is not wide enough to walk along without walking in the actual road. Pedestrian safety is of concern, as is safety of other road users such as cyclists and the local horse riders navigate their way up and down.
