RE: DA2024/1303 - 11 / 0 Melwood Avenue FORESTVILLE NSW 2087

The existing RSL is the only establishment in Forestville and wider area that offers a fenced and safe green area for the kids to play in while adults enjoy their lunch or diner.

I understand that this aspect will be removed with new development.

Im generally against developments that lower attraction to young and family friendly communities.

Surely Forestville has something better to offer than a retirement village..
