RE: DA2021/1469 - 23 Loch Street FRESHWATER NSW 2096

Dear Alex Keller,

I would like to confirm my strong support of the above Development Application.

As a neighbour living 2 doors down, I believe this new home would compliment the growing and evolving architecture on Loch Street and within the suburb of Freshwater.

The plan to incorporate the undeveloped rear of 25 Loch Street into 23 Loch Street and develop as landscaped garden and vegetation is pleasing to see.

This development would also be consistent in character with several new modern homes on the eastern side of Loch Street.

We look forward to seeing it being approved and then being completed in the street.

Regards,

Crispin and Roslyn Swan
17 Loch Street,
Freshwater
