Decision Comments Thank you for your referral to Foreshores and Waterways Planning and Development Advisory Committee (the Committee) under Sydney Regional Environmental Plan (Sydney Harbour Catchment) 2005 (the SREP).

On 26 November 2021, the SREP was amended to remove clauses 29-31, 56 and Schedule 2. No savings or transitional arrangements have been applied to this amendment.

As a consequence, any consultation with or referral to the Committee under those provisions is no longer required under the SREP.

Requested clause	Clause Description	Clause type	Pre-assessment outcome
Other	Foreshore & Waterways Planning & Development Advisory Committee	Referral	Accepted
