Subject: TRIMMED: Land development

As a resident of Wesley St for 44 years , I am alarmed at the proposal to construct so many more houses around Mona Vale Rd

Having lived through the most devastating fires I am very aware of speed which fire travels and its' seemingly arbitrary nature. I saw fire travel down hill , which is of course entirely unexpected and so it caught one area unawares.

As a volunteer counsellor for the Red Cross , going door to door to check on families after the fires ,I learnt of the long term social damage that the fires left on those directly impacted.

Individuals and families are still impacted by this devastating event.

Two exit routes are obviously grossly inadequate now that so many homes now have 2 large cars .

Our excellent EHPS does not have the land required to accommodate such an enormous influx of students.

These issues must be rectified if land is to be made available

Yours sincerely,

Christine Rawlinson
