Subject: DA2025/1406 - K4 Bus Stop

Good afternoon,

I've just received in the mail, The notice of proposed development for DA2025/1406.

In particular, for the proposed bus stop K4 digital signage out the front of 97–101 Howard Avenue, Dee Why.

I'm not in favour of any digital signage that will be on during the evening. This is a residential area and a residential street and it is completely unnecessary to have digital signage lighting up the sides of that bus stop at night which will impact one of our bedrooms Opposite it.

Please note my objection and feel free to contact me on [REDACTED]

Many thanks
