RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

I am a young person who wants the opportunity to one day live in the northern beaches where i grew up

A third of Northern Beaches residents aren't home owners and i feel our voices on proposals such as this one are frequently ignored

More housing essential to the future of our area. It won't kill our community, it'll save it.

Thank you
