**RE: DA2019/1340 - 100 / 0 Meatworks Avenue OXFORD FALLS NSW 2100**

I do object to this development as it means increased traffic of trucks, down narrow residential and school roads which are already congested. My children attend Oxford Falls Grammar school and as it stands, it is very difficult to pick and drop off in a safe way. There are no footpaths to walk to and from the car. It is already a problem area, without adding more traffic of large trucks.
