The proposal seeks approval for the construction of a carport.

The comments in this referral relate to the following applicable controls and provisions:

- Planning for Bushfire Protection 2019
- Warringah DCP Clause E2 Prescribed Vegetation
- Warringah DCP Clause E4 Wildlife Corridors
- Warringah DCP Clause E6 Retaining unique environmental features

The proposal has been submitted with a Bushfire report that has awarded the site a risk level of BAL-29 and recommended that an Asset Protection Zone (APZ) be established in perpetuity. No objections are raised as the site appears to be compliant with the APZ requirements set out in PBP 2019.

No native vegetation or fauna habitat would be impacted, the development is designed, sited and will be managed to avoid any significant adverse environmental impact.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
