RE: DA2020/1376 - 38 Carrington Parade CURL CURL NSW 2096

Re DA 2020/1376

We are concerned that this development will diminish our ocean view line, between 38 Carrington Pde and the adjacent (new) property at 37 Carrington Pde.
We also understand that the proposed extension will not comply with the Warringah Development Central Plan 2011 Section D7 that promotes the reasonable sharing of views. The applicants were kind enough to consult with us prior to lodgement of the DA however we believe the amended design will still adversely impact our view. We make the same point now as we did then, that our view from inside our house will be diminished.
