RE: DA2023/0720 - 0 Vista Avenue BALGOWLAH HEIGHTS NSW 2093

My wife and I object to the installation of lights for the Bareena Park Tennis Club. We live very close to the tennis courts and are already adversely affected by the noise, especially from tennis coaches who yell instructions at the students. We understand that noise of this type is unavoidable during the day.

In the event that approval is given to the installation of lights, we ask that playing time be restricted to 9:00 p.m as noise travels far during the evening and our enjoyment of peace will be diminished. We also ask that tennis coaching cease at 7:00 p.m each day.

Please do not publish my personal details.
