RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

I have a small business in Ingleside & I am quite concerned that the roads can not handle the extra traffic in the area when there is an issue like one of the main roads blocked & that has happened quite regularly with accidents & flooding in recent times not to mention the fire season approaching with very limited ways out, when one of the main roads are blocked ie Mona Vale Rd , Wakehurst Parkway it can take up to an 1 hour just to reach the top of Powder Works Rd from the bottom how would that work with an emergency.
