Subject: Attention David Auster Planner RE DA 2020/1466 IN addition to my submission I would like to add the following request.

In you meeting you requested that I put in my own words plain english what I would respond to the proposal. In light of the fact that the increased crime in the area has had in the last few years resulted in a Drug hydroponic marijuana house five doors up on Starkey Street and the Drug bust of an ICE Factory on Killarney Drive in the old Mossman rowing club building on the harbour and in the recent few months this year in the news I understand a cocaine bust of a drug dealer by police in Forestville of cocaine worth \$467million street value the biggest bust ever in Australia. I would STRONGLY suggest the most appropriate use for 50 Starkey Street would be to return the Forestville Police Station that was originally in the area to 50 Starkey Street as the ramps are already set up and increased funding to the police for another Forestville Police Station located at 50 Starkey Street Forestville is obviously need in the area as evidenced by so much drug dealing crime. As there is obviously too much drug dealers operation in the area in the first place and an increased police presence would improve the safety of the whole suburb. This would be far more realistic and appropriate to the communities and my needs. I would feel safe and be very happy if 50 Starkey Street was a New Drug specialist Forestville Police Station.
