RE: DA2022/2164 - 865 Barrenjoey Road PALM BEACH NSW 2108

I have been a resident of this property for over 50 years. I have read and studied the proposed DA 2022/2164 including amendments. My concern is that the roof ridge is 9.65 high. This will affect my outlook and I was hoping this could be reduced. The original plan was for the roof ridge to be 8.30. and the existing roof ridge is 7.02 according to the diagrams.
