RE: DA2023/0720 - 0 Vista Avenue BALGOWLAH HEIGHTS NSW 2093

Lights on courts one, two and three at Bareena Park Tennis Club will be of benefit to the community. Improving facilities at the club will of benefit to the Northern Beaches community as the more people who participate in a sport either socially or competitively can only improve the health of those in the community. Lights at Bareena can mean that people remain in their local area to play rather than travelling long There are people in the area who want to play tennis but due to work and family commitments cannot play during the day. Lights will enable these people to play tennis at night in their local area. Lights will enhance the viability of the club by attracting new members who are only able to play at night. Coaching at the club could continue past 5pm in the winter months with lights.
