

## Natural Environment Referral Response - Biodiversity

|                                        |                                                         |
|----------------------------------------|---------------------------------------------------------|
| <b>Application Number:</b>             | DA2024/1348                                             |
| <b>Proposed Development:</b>           | Alterations and additions to a dwelling house           |
| <b>Date:</b>                           | 22/10/2024                                              |
| <b>Responsible Officer</b>             | Thomas Burns                                            |
| <b>Land to be developed (Address):</b> | Lot 6 DP 111254 , 1142 Pittwater Road COLLAROY NSW 2097 |

### Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

### Officer comments

Council's Biodiversity Referrals team have assessed the Development Application for compliance against the following applicable provisions:

- Warringah DCP cl. E2 Prescribed Vegetation
- Warringah DCP cl. E4 Wildlife Corridors
- Warringah DCP cl. E6 Retaining Unique Environmental Features
- SEPP (Resilience and Hazards) 2021 cl. 2.10 Development within the coastal environment area

The subject lot does not contain any native vegetation nor unique environmental features and as such the proposed development is not likely to impact upon biodiversity.

No objections, subject to recommended conditions.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

### Recommended Natural Environment Conditions:

## **CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK**

### **Wildlife Protection**

If construction activity associated with this development results in injury or displacement of a native mammal, bird, reptile or amphibian, a licensed wildlife rescue and rehabilitation organisation must be contacted for advice.

Reason: To protect native wildlife.

## **CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE**

### **No Weeds Imported On To The Site**

No Priority or environmental weeds (as specified in the Northern Beaches Local Weed Management Plan) are to be imported on to the site prior to or during construction works.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority and environmental weeds.
