MRS Branka Papalia
12 Pheasant PL
Warriewood NSW 2102

RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

This church must be preserved and protected with a road to say the least. I have been attending this church since I was a child, My parents went there, my kids and now grandkids. There are orthodox christian scripture classes, serbian language classes, and folk dancing classes. Our existing rights must be preserved and a buffer zone created by having streets surrounding it. This will also benefit the residents from performances and music which is currently 3 times a week, sometimes more. Let us preserve our church and faith of christianity. Don't destroy it like this please. You will need more roads regardless with this many homes in sight. How will the lack of roads handle the traffic with this many houses, coming from top of mona vale road and bottom of powderworks road. Please consider!! thank you for your time.
