RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

Dear Council,

I object to this proposal as this is not a high density area and should not be. Way too many dwellings approved for this site that will most likely be extremely expensive and add to extra traffic on Powderworks Road. Traffic is often banked back to Wesley street in the morning trying to enter Mona Vale Road now as it is, and heading down Powderworks road into garden street can be banked back to higher than Alleyne Ave.
