RE: PEX2025/0001 - 13 Wilga Street INGLESIDE NSW 2101

To whom it may concern,

I am writing to say a big NO to the this development proposal. It is simply unacceptable for so many reasons.

Our church was established in 1949 and ever since has been a home to a large Serbian community in this area. Our children and their friends of different backgrounds visit it on at least weekly basis. It is a unique place where they can attend Serbian language, traditional dancing and orthodox Christian scripture classes. It is a place where children can play freely, play sports without having parents/adults "helicoptering" them because it is safe and most beautiful place for them to express themselves and grow into well balanced people. They also can eat delicious, traditional, healthy food cooked for them wright there by their parents and their friends. Building residential homes and particulary multy-storey buildings on our door step create serious concerns about our children's safety. It would take away a place of many happy events such is weddings, Christenings, birthdays, fundraisings for those less fortunate (and this is for all people in need no matter what religion/ nationality, background they are). People come to connect, socialise, experience different culture, customs, cuisine and all in a happy environment away from such a busy every day life. We are a community that welcome visitors/friends from all over the world. We all work so hard, pay our taxes diligently, contributing to this beautiful country on so many levels and teach our new generations the same values. I can not express enough how important it is to stop this proposal which seems to be just another money making development.

It makes me very sad realising that the world is becoming such a miserable place. Everyone is talking about saving the Planet (?). What about saving our soles, integrity, freedom, tradition, love for each other, respect, basic human needs...

Please do not do this. Please do not harass and discriminate what it has been and should remain rightfully ours. We earned it with our bare hands.
