RE: DA2023/0299 - 35 Reddall Street MANLY NSW 2095

I object to the destruction of one the few traditional areas of manly.
The houses on this site should be kept for future generations or we will end up looking like
palm beach- all glass, marble and cranes.
These homes may not seem worth keeping now- but that's what people said about The Rocks.

Stop ripping down perfectly good homes. The house in the middle is a share house- keep the
diversity, keep the heritage, out with greed!!!!!!
