RE: DA2024/1303 - 11 / 0 Melwood Avenue FORESTVILLE NSW 2087

The updated proposal has incorporated some improvements based on community feedback however two important factors are still excluded, which should be implemented:

1. Location of cenotaph and space to facilitate Anzac Day dawn services. Anzac Day and Remembrance Day, along with daily memorial announcements, are at the core of RSL clubs in Australia and out of respect for those who fought, the cenotaph and suitable space to hold large community services should be at the forefront of any redevelopment plans
2. Single sex toilets. Being a family friendly club, to cater for all there should be a mix of single sex and unisex toilets. It is unclear on the amended plans whether there are any single sex toilets.
